LEA Strategic Plan 2012-2018

Lutheran Education Australia ... serving the Australian community through Christ-centred education

October 2012
LEA Strategic Plan 2012

1. Introduction
Lutheran Education Australia (LEA) is established by the Lutheran Church of Australia (LCA) and is responsible to the Church for the leadership and accountability of Lutheran education across Australia and for the future of the schools and early childhood centres (ECCs) of the LCA.

LEA provides this leadership and accountability through service and leadership to the General Church Council (GCC), the Districts, Regions, Australian Lutheran College, schools and ECCs of the LCA. It functions through consultation with Federal education authorities – government and non-government – and with Lutheran education regions, Lutheran Principals Australia (LPA) and other Church bodies.

This Strategic Plan 2012-2018 has been developed with broad consultation and provides the current view of our strategic intent. Shaped by our understanding and appreciation of Lutheran education and its rich heritage in Australia since 1839, this LEA Strategic Plan is the result of ongoing and extensive planning, collaboration and professional dialogue with our Church and school leaders.

May God bless us as we implement the goals and the challenges this plan presents.
