

The Lutheran Church of Australia (LCA) Mission International (*formerly* Board for Mission) is passionate about encouraging sustainable partnerships for Australian Lutheran Schools with the wider world. Through these positive partnerships young people are enabled to engage in God's mission in the world in a safe and supportive environment.

With our current high rate of global mobility, cross cultural experiences can occur here in our own country, and overseas. Each and every mission experience can influence young people to think differently about their own culture, providing the possibility to make new choices, based on these experiences.

Rev Neville Otto (Director for Mission) and Glenice Hartwich (Program officer) from LCA Mission International will inform, inspire and invite you to join together in partnership as school, student, volunteer or congregation together with LCA Mission International and its partners.

Presenters:

Rev Neville Otto (Secretary of the Church/Director for Mission)

Glenice Hartwich (Program Officer, LCA Mission International)
