# Testimonials

We have been advertising vacant teaching and support staff positions at St Ursula's College on Teachers on Net for over 10 years.

We always receive a very good response to our advertisements and the site is very easy to navigate and use.

We particularly like the fact we can link each advertisement straight to our website and it is also very easy to attach role descriptions and other documentation to the ads as required.

Being a small, country, Christian College in rural South Australia, it has not always been easy to fill teaching vacancies with appropriate, skilled staff who fit our Vision & Ethos.

Having used Teachers On Net for recruitment since the very first year of operation in 2005, we are grateful to have had many wonderfully skilled and passionate teachers join our staff.

Many of these have found us through Teachers On Net.

Catholic Education Diocese of Parramatta (CEDP) has a long partnership with Teachers on Net. Karina and the team provide fantastic support to our schools and partner with us to ensure we are getting the most out of the platform.

The ads we post on ToN are viewed by hundreds of job seekers. Finding quality talent is critical for CEDP to achieve its strategy of transforming learning.

It allows for multiple branding across our 80 schools and is easy to use for schools and our central office Talent Acquisition team.
